*Amount left after deducting items 2 and 3 from item 1 and to be transferred to column 4 above.

(See following page for instructions in filling in the above columns. Also instructions for publishing).

INSTRUCTIONS

District Secretary: When the board first meets to make its proposed estimate this blank should be entirely filled in; that is, the board should first determine the time and place of hearing and the secretary should fill in the blanks (above the table) accordingly and sign the notice. The board should then take up the estimate and fill in all necessary blanks, but before doing so it would be advisable that the secretary and board familiarize themselves with the arrangement and requirements of form No. 636, certificate of taxes, in order that nothing will be omitted which will be essential to the budget to be adopted after the hearing is held. The following instructions are listed in the same order as the various columns are numbered on page one of this blank.

The Notice: Insert the name of the school district, the date, place and hour of meeting. The notice should then be signed by the district secretary.

Estimate by Funds: Enter the various amounts (omitting the cents) in columns one to six.

1. Enter in this column the expenditures for the year July 1, 1952, to June 30, 1953.
2. Enter in this column the expenditures for the year July 1, 1953, to June 30, 1954.
3. Enter in this column proposed expenditures estimated for the fiscal year to which the budget under consideration applies. This should receive careful consideration inasmuch as the amount decided upon is to control expenditures for this particular budget year.
4. Enter in this column the estimated unencumbered balance which can be applied to this budget. Expenditures and revenue should balance therefore if it is practical to finance a part of anticipated expenditures with funds on hand the estimated amount should be entered in this column.
5. Enter in this column the total estimated income other than from taxation for the year to which the budget applies. The following schedule is provided for this estimate and the total should be transferred to column 5, general fund.

Tuition	$
Federal Aid	
General State Aid	1,800.00
Supplementary State Aid	4,050.00
Transportation State Aid	
Semi-annual Apportionment	200.00
Transfers	
Other Receipts	
TOTAL	$ 6050.00

6. Enter in this column the amount to be raised by taxation. This amount should not exceed the legal limit or be greater than the amount obtained by deducting the totals of columns 4 and 5 from column 3.

   Note: The tax levy in column 6 may be more than the legal limit if expenditures will require the approval of an extra tax under section 298.2 of the code.

Taxable valuation will be supplied by the county auditor and will be the latest valuation available.

Final Record: Two copies of the estimate will be made, one to be placed on file and recorded in the record book of the board; the other to be forwarded to the printer for publication in a newspaper. Sec. 24.9 and 24.10.

INSTRUCTIONS AS TO PUBLICATION OF NOTICE

Filing Estimates—Notice of Hearing (Sec. 24.9): "Each municipality shall file with the secretary or clerk thereof the estimates required to be made in Sections 24.3 to 24.8, inclusive, at least twenty days before the date fixed by law for certifying the same to the levying board and shall forthwith fix a date for a hearing thereon, and shall publish such estimates and any annual levies previously authorized as provided in section 76.2, with a notice of the time when and the place where such hearing shall be held at least ten days before the hearing. Provided that in rural independent districts, school townships and municipalities of less than two hundred population such estimates and the notice of hearing thereon shall be posted in three public places in the district in lieu of publication. For a county, such publication shall be in the official newspapers thereof. For any other municipality such publication shall be in a newspaper published therein, if any, if not, then in a newspaper of general circulation therein."

Levies Void Unless Notice is Published (Sec. 24.10): The verified proof of the publication of such notice shall be filed in the office of the county auditor and preserved by him. No levy shall be valid unless and until such notice is published and filed. Rural Ind. districts and townships may post in three public places in lieu of newspaper publication.

Publication in Newspaper Necessary: Levies are void unless notice is published in a newspaper. The newspaper publisher will go over each estimate submitted to him with care and it is hoped that he will advise the local board of any errors which he may discover so that they may be corrected prior to printing. The form will be set up two columns wide and will include only the matter beginning with the word "NOTICE" and ending just before the word "INSTRUCTIONS" immediately following the columnar form. The printer will drop all lines for which there is no estimate and will print funds and amounts shown by the secretary.

INSTRUCTIONS AS TO FUNDS

General Fund: For each person of school age the following levies are authorized by Sec. 298.1, Code 1950, as amended by Chapter 100, Acts of 54th G. A.

Enumeration	Amount each
1200 or more	$140.00
251 to 1,199	160.00

All other school corporations one hundred seventy-five dollars, except corporations not maintaining an approved high school, two hundred dollars, and such additional amount as will be necessary to pay the cost of tuition for pupils attending high schools; provided however, that compliance with chapter twenty-four (24), Code 1950, shall be observed.

298.2 Emergency increase—approval. As amended by Chapter 100, 54th G. A. In all school districts where the maximum statutory allowances provided in section 298.1 are not sufficient to meet the budget requirements, upon proper showing by any such school district the state comptroller may authorize such district to levy an additional amount above the said maximum statutory allowance for each person of school age in the district, up to but not in excess of thirty-five per cent, provided that the comptroller may, upon recommendation of the County Board of Education, or the County Board of Supervisors of the County in which the school is located, authorize such district to levy an amount in excess of thirty-five per cent.

Transportation Fund: If the General Fund is insufficient to provide for all transportation you may levy a transportation fund of not to exceed $5.00 for each person of school age for transporting children to and from school when authorized by law. Sec. 298.4.

Text Books and Supplies: Not to exceed in any one year the sum of $1.50 for each pupil residing in the corporation. Additional to other taxes. Sec. 301.4.

Library Fund: Not to exceed ¼ mill on the dollar for the purpose of providing library service by contract with free public library, in school district in which there is no free public library, etc. Sec. 298.7.

Playground Tax: Applicable to any city when voted by the electors of the district, not more than ½ mill. Sec. 300.3.

Purchase of Schoolhouse Sites: Not to exceed 1 mill. Applicable to all cities, including cities under special charter, manager plan and commission form of government. Sec. 297.5.

Schoolhouse Fund: Not more than 2½ mills, when so voted by electors of district at annual or special meeting. Sec. 278.1, Par. 7.

Bond Fund: Not to exceed 7 mills on the dollar on the valuation of taxable property of school corporation. Sec. 298.18.

Old Age and Survivors Insurance System (Federal): Sufficient to meet the political subdivisions obligation. Ch. 73, 55th G. A.

Public Employees Retirement System (State): Sufficient to meet the political subdivisions obligation. Ch. 72, 55th G. A.

Special Courses Fund: No limit in mills. Sec. 286A.7.

ENTRY RECORD OF THE HEARING AND DETERMINATION OF THE ESTIMATE

Be it remembered that on this, the 1 day of July, 1954, the board of directors of McCausland Ind District Scott County, Iowa, met in session for the purpose of filing and considering the estimate for the local budget of said school district. There was present a quorum as required by law. Thereafter and on said day there was filed the foregoing estimate.

Thereafter said estimate was duly considered by the board. The board being fully advised finds that a date of hearing on said estimate should be fixed and it does fix the 26 day of July, A. D. 1954, at the hour of 8 P. M. of said day as the date of hearing, said hearing to be had at the Town Hall in McCausland, Scott County, Iowa.

The secretary was directed to publish the estimate and the notice of hearing as required by law, in the Morning Democrat, a newspaper published at Davenport Iowa of said county. Publication to be for one insertion at least ten days prior to the date set for hearing.

Ed Claussen
President.

Anna McKinney
District Secretary.

ENTRY RECORD OF THE HEARING AND DETERMINATION OF THE ESTIMATE

Be it remembered that on this, the _____ day of _____, 19____, the Board of Directors of _____ School District _____ Township of _____ County, Iowa, met in session for the purpose of a hearing upon the budget estimate as filed with this board. There was present a quorum as required by law. Thereupon the board investigated and found that the notice of the time and place of hearing has, according to law and as directed by the board, been published on the _____ day of _____, 19____, in _____, a newspaper published at _____ of said county; that the affidavits of publication thereof were on file with the county auditor. Thereafter and on said day the estimate was taken up and considered and taxpayers heard for and against said estimate as follows:

Thereafter and after hearing all taxpayers desiring to be heard, the board took up the estimate for final consideration and after being fully advised the board determined that said estimate be corrected and completed so that when completed it should be in words and figures as stated herein. The vote upon final adoption of the budget was as follows:

Ayes _____ Nays _____

Ed Clausen
President of Board

Secretary

The secretary was thereupon directed to forward the adopted budget and tax levy to the county auditor in duplicate as provided by law.

I hereby certify the above to be a true and correct copy of the proceedings of the Board relating to the consideration and final adoption of the within budget of expenditures and levy of taxes on the _____ day of _____ A. D. 19____.

Secretary

INSTRUCTIONS FOR FILLING IN AND COMPLETING THE CERTIFICATE TO BE FILED WITH THE COUNTY AUDITOR AND THE STATE COMPTROLLER

After a public hearing has been held and the budget adopted the secretary should fill in as follows:

Certificate. Insert the name of the school district and the date and place where executed.

Figures. Enter the amounts in various columns in accordance with the published estimate and as finally adopted after the hearing (omitting the cents column).

The following instructions refer to columns 1 to 7. Please read carefully in order that the figures will be entered in the proper column and the sum of columns 4, 5, and 6 will balance with column 3.

1. Enter in this column the expenditures for the school year July 1, 1952 to June 30, 1953.
2. Enter in this column the expenditures for the school year July 1, 1953 to June 30, 1954.
3. Enter in this column the proposed expenditures decided at the hearing for the fiscal year to which the budget applies. The amounts entered in this column shall not exceed the amounts reflected in column 3 of the budget estimate as published. The amounts shown in column 3 represent the budget adopted after a public hearing and are the maximum expenditures authorized by law. See section 24.14, 1950 code. Also Clark vs. City of Des Moines (222 Iowa 317, 269 NW 97).
4. Enter in this column the estimated unencumbered balance which can be applied to this budget. Expenditures and revenue should balance therefore it is important that funds on hand be considered carefully to arrive at the amount of such funds which may be allocated to this budget in order to finance expenditures as proposed.
5. Enter in this column the total estimated income other than from taxation for the year to which the budget applies. This income should be itemized in table 2 of page one of this form and the total carried to column 5.
6. Enter in this column the amount to be raised by taxation. This amount should not exceed the legal limit or be a greater amount than that obtained by deducting the totals of columns 4 and 5 from column 3. Note: The tax levy in column 6 may be more than the legal limit if expenditures will require the approval of an extra tax under section 298.2 of the code.
7. The county auditor shall enter in this column the amount necessary to meet the proposed expenditures shown in column 3. The amount entered in this column shall not exceed (1) the legal levy limits, or (2) be greater than the result obtained by deducting the totals of columns 4 and 5 from column 3, or (3) be greater than the amount entered in column 6.

INSTRUCTIONS AS TO FUNDS

General Fund: For each person of school age the following levies are authorized by Sec. 298.1, Code 1950, as amended by Chapter 100, Acts of 54th G. A.

Enumeration	Amount each
1200 or more	$140.00
251 to 1,199	160.00

All other school corporations one hundred seventy-five dollars, except corporations not maintaining an approved high school, two hundred dollars, and such additional amount as will be necessary to pay the cost of tuition for pupils attending high schools; provided however, that compliance with chapter twenty-four (24), Code 1950, shall be observed.

298.2 Emergency increase—approval. As amended by Chapter 100, 54th G. A. In all school districts where the maximum statutory allowances provided in section 298.1 are not sufficient to meet the budget requirements, upon proper showing by any such school district the state comptroller may authorize such district to levy an additional amount above the said maximum statutory allowance for each person of school age in the district, up to but not in excess of thirty-five per cent, provided that the comptroller may, upon recommendation of the County Board of Education, or the County Board of Supervisors of the County in which the school is located, authorize such district to levy an amount in excess of thirty-five per cent.

Transportation Fund: If the General Fund is insufficient to provide for all transportation you may levy a transportation fund of not to exceed $5.00 for each person of school age for transporting children to and from school when authorized by law. Sec. 298.4.

Text Books and Supplies: Not to exceed in any one year the sum of $1.50 for each pupil residing in the corporation. Additional to other taxes. Sec. 301.4.

Library Fund: Not to exceed ¼ mill on the dollar for the purpose of providing library service by contract with free public library, in school district in which there is no free public library, etc. Sec. 298.7.

Playground Tax: Applicable to any city when voted by the electors of the district, not more than ½ mill. Sec. 300.3.

Purchase of Schoolhouse Sites: Not to exceed 1 mill. Applicable to all cities, including cities under special charter, manager plan and commission form of government. Sec. 297.5.

Schoolhouse Fund: Not more than 2½ mills, when so voted by electors of district at annual or special meeting. Sec. 278.1, Par. 7.

Bond Fund: Not to exceed 7 mills on the dollar on the valuation of taxable property of school corporation. Sec. 298.18.

Old Age and Survivors Insurance System (Federal): Sufficient to meet the political subdivisions obligation. Ch. 73, 55th G. A.

Public Employees Retirement System (State): Sufficient to meet the political subdivisions obligation. Ch. 72, 55th G. A.

Special Courses Fund: No limit in mills. Sec. 286A.7.

SECRETARY'S ANNUAL REPORT

to the

COUNTY SUPERINTENDENT OF SCHOOLS

For the year beginning July 1, 1954 and ending June 30, 1955

Name of district McCAUSLAND

Township of Butler County of Scott

Two copies of this report are to be filled out by the secretary and presented to the school board for approval at its annual meeting on the first secular day in July, and one copy filed with the county superintendent within ten days thereafter.

If the district has territory in more than one county it is considered to belong, as a school organization, to the county in which the buildings are located, and this report in such case should be sent to the county superintendent of that county only.

Filed in my office this ..... day of ....., 1955.

.....
County Superintendent

PB—20898-SP

1. Underscore the type of your school organization: City, town, village, consolidated, rural independent, school township. If a school township, how many sub-districts? —

2. Number of directors on complete school board 5

3. Number of counties in which the corporation has territory 1

4. School Census.

Note: Section 291.9, Code 1954, requires the following information (taken in even numbered years) to be reported annually.

Below write the name of your county and also the names of all other counties in which the corporation has territory, and enter the school census for the portion in each county separately as of June 1954 school census.

	Children between 0 and 6 (Age as of June 1)						Children between 5 and 21			Children between 7 and 16		
	Under 1 Yr.	1 Yr.	2 Yrs.	3 Yrs.	4 Yrs.	5 Yrs.	Boys	Girls	Total	Boys	Girls	Total

Boys 3 Girls 0 Total 3

13. Number of teaching positions: Men 0 Women 3 Total 3

Note: This is the number of teaching positions making up the organization of the school or the number of persons that would be required to fill all teaching positions in the schools of a school system at one and the same time, including teachers, principals, instructional supervisors, superintendent, and other professional employees. This total is usually less than the number of different persons employed during the year. In case a position has been held part of the year by a man and part of the year by a woman, count the one by whom the position was filled the greater part of the year.

14. Area of district in square miles (use decimals) to nearest one-tenth 5.5

15. School buildings: Number 1 Value (express in dollars only) $ 26,000.00

Note: The present value of school property should be a careful estimate. If such property were sold for commercial use, it might bring considerably more or less than its present value for school purposes. The original cost, however, does not take depreciation into account, but in many instances this factor is offset by appreciation, or increased value in school lots or even in school buildings. To secure accurately the values of depreciation and appreciation is practically impossible and is not contemplated in this section of the schedule.

16. Provision for textbooks:

(a) Does your district provide free textbooks for pupils? No

(b) Does your district rent textbooks to pupils? No

17. Levy in dollars for the school year 1954-55. Schoolhouse Fund $ None General Fund $ 16,737.35

Special Courses Fund $ ____

Note: Verify by comparison with county auditor's records. (Adjusted as of 1954)

18. Amount of your outstanding bonded indebtedness June 30, 1955, $ None

Note: Please check carefully, add new bonds issued during year, deduct principal payments made during year.

19. Amount of unpaid warrants June 30, 1955, $ None

This refers to warrants which have been issued by the secretary but have not been paid by the treasurer. (Treasurer's balance less unpaid warrants should equal secretary's balance.)

20. Balance on hand June 30, 1955, according to the secretary's record $ 7,670.74

21. Balance on hand June 30, 1955, according to the treasurer's record $ 7,670.74

22. If your district has voted bonds since July 1, 1954, check either a, b or c:

(Use check mark)

(a) Has not let contract ____

(b) Has let contract but not completed building ____

(c) Has let contract and has completed building ____

Note: If more than one bond issue has been voted report only the progress of the first bond issue.

FINANCIAL STATEMENT

For the Fiscal Year Beginning July 1, 1954, and Ending June 30, 1955

1. This financial statement is to be taken from the secretary's records. It should include all warrants issued by the secretary, regardless of whether they have been paid by the treasurer.
2. Balances on hand July 1, 1954, should be taken from the secretary's records for the previous year, and should also agree with the balances on hand as found in the report of the Auditors for the year ending June 30, 1954.
3. Balances on hand June 30, 1955, according to the secretary's books, plus unpaid warrants should equal treasurer's balances at the same date.

TOTAL AID DUE .....

CLAIMANT'S AFFIDAVIT

SEAL

STATE OF IOWA, Scott County } ss.

I the undersigned claimant being an officer of the McCausland Ind. School District of Butler Township, being duly sworn on oath, state that all items in the above claim are correct and computed according to law, that the charge is just and lawful and that the same is wholly unpaid.

Harlan M. Perry — Superintendent
Anna McKinney — Secretary
President

Subscribed and sworn to before me, by the above claimant on the 6 day of July, 1954.

(Only one signature, President or Secretary, need be sworn to).

Evelyn C. Meyer — Notary Public

PB—20280-SP

INSTRUCTIONS FOR FILLING OUT THE REPORT

There are three copies of this report. Keep one for your record and mail two copies to your County Superintendent before June 30. The County Superintendent will keep the yellow copy and forward the "Original" to the Superintendent of Public Instruction.

Please use a typewriter if possible in filling out this form.

Be sure that the name of the district is the official name.

Use the number and township name of all rural districts.

Absolute accuracy is important. There is a severe penalty for fraudulent acquisition of state funds.

NOTE: The letters and numbers refer to the items on the report. Check each item carefully before making an entry.

A. Type of District. There are four legal types of districts: Independent, Rural Independent, Consolidated, and Township. Enter the type in which your district is classified.

B. Average Daily Attendance, or A.D.A., shall be the aggregate of the daily attendance for the school year divided by the actual number of days school was in session during the year or month as the case may be.
Aggregate means the total of all days of attendance for all the pupils during the period under consideration, month or year as the case may be.
Non-tuition pupils means those residing in the district for whom tuition is not charged. Tuition pupils from other districts are not included. Resident means non-tuition and non-resident means tuition pupils.

C. Average number of elementary and high school pupils for whom you paid tuition to another district. In finding the "average number," add all the months of attendance of all the pupils for whom you pay tuition and divide the total by the number of months the receiving school was in session. In making this computation do not use less than one-fourth of a month.

D. Total days school was in session. Iowa law requires schools to be in session nine months of twenty days each, or 180 days. However, one other section permits schools to be dismissed legally for one day of county institute when called by the county superintendent. The state aid law bases the payments on a fixed amount per day for "every day that pupils actually attended school." It further provides that in computing the aid one should "multiply this product by the number of days school was actually in session, not to exceed 180 days." The language is clear. Aid can only be paid for days present at school when school was actually in session plus one day for county institute, if one was held.

The adjustment for epidemics and weather hazards is discretionary on the part of the state superintendent and will be made only when all the necessary facts are present on Form G.A.-No. 2 which accompanies this blank. If you are making a claim for this be sure to fill out and mail with this blank two copies of Form G.A.-No. 2.

COMPUTATION OF AID DUE

Items I, II, III, and IV are self-explanatory. Two cautions:

(1) Be sure to place decimal points correctly in multiplying by seventeen cents and twenty cents.

(2) Note this distinction between Items I and III and items II and IV: In computing aid on resident or non-tuition pupils (I and III), multiply the amount of aid per day times the average daily attendance times the total days school was in session. In computing aid on the pupils for whom you paid tuition to another district (II and IV), multiply the amount of aid per day times the average number of pupils for whom tuition is paid (defined in instruction C above), times the actual number of days the receiving school was in session, not to exceed 180 days. The superintendent or secretary of the school board of the receiving school can give you the information on how many days their school was in session. In the case of rural schools whose applications are prepared by the county superintendent that officer should secure this information from the superintendents and secretaries of the receiving schools at the close of school.)

CLAIMANT'S AFFIDAVIT

The law requires all claims against the state to be supported by a sworn statement. The affidavit must be made before a notary public, justice of the peace, or a clerk of the district court, and signed by either the president or secretary of the board and the superintendent, if the district has a superintendent. All other schools must have the report signed by the county superintendent.

NOTE: If Form G.A.-No. 2 is used, then the affidavit must also be completed on that form.

This report must be received in the office of the State Superintendent of Public Instruction not later than July 5. Since the funds must be prorated, all reports received after the dead line run the risk of not being included and losing their aid for this year. Help us to help you by getting the report in on time.

INSTRUCTIONS FOR FILLING OUT THE REPORT

There are three copies of this report. Keep one for your record and mail two copies to your County Superintendent before June 30. The County Superintendent will keep the yellow copy and forward the "Original" to the Superintendent of Public Instruction.

Please use a typewriter if possible in filling out this form.

Be sure that the name of the district is the official name.

Use the numbers and township name for all districts.

NOTE: The letters and numbers refer to the items on the report.

(A) Type of district—
(1) Independent districts maintaining any high school grades should use this classification.
(2) This class includes all consolidated districts with high schools, township high schools or other districts not independent, but maintaining a high school.
(3) All elementary districts—grades 1 to 8, chiefly township and rural independent districts.

(B) Assessed Valuation—
This is exclusive of moneys and credits, and should be the assessment as corrected by the county auditor in August, 1953, and the same as that used for levying school taxes.

(C) This means only those days when pupils were present and does not include day of institute.

(D) Average Daily Attendance shall be the aggregate of the daily attendance for the school year divided by the actual number of days school was in session during the year.
Aggregate means the total of all days of attendance for all the pupils.
Non-tuition pupils means those residing in the district for whom tuition is not charged. Tuition pupils from other districts are not included. Resident means non-tuition and non-resident means tuition pupils.

(E) Average number for whom you paid tuition during the year.

(F) Enrollment data. Give the total enrollment of both high school and elementary school and the enrollment of both tuition and non-tuition students as of the last month of school.

(G) Total days attendance of (1) high school, elementary non-tuition pupils means the aggregate days of attendance of all the resident or non-tuition pupils. Daily records must be kept so that these figures are obtainable.

(H) School Census (1954). This is the regular School Census taken every two years by the school secretary of all the youths between the ages of 5 to 21 residing within the district, taken on the even numbered years. Section 291.9, Code 1950.

COMPUTATION OF AID

Fill in all blanks carefully and completely in order that your computation may be checked.

(1) Number of resident elementary pupils in average daily attendance for the year times $90.00.

(2) If you have to pay tuition to another district for any elementary pupils include the average number.

(3) Number of resident high school pupils in average daily attendance for the year times $145.00.

(4) If you have to pay tuition to another district for any high school pupils include the average number.

(5) Add all items in (1), (2), (3), and (4) and fill in both column x and y.

(6) Determine which type of district yours is (A)—(1), (2), or (3). If (1), multiply by 17 mills, if (2), multiply by 10 mills, and if (3), multiply by 7 mills. Note you can only use one millage here.

(7) Semi-Annual apportionment. See sections 298.10 and 298.11, 1950 Code. County Auditor required by law to make this apportionment on first Monday in October and in April, County Treasurer notifies President of the Board of amounts due each district. This should include all annual apportionment funds received between July 1, 1953 and June 30, 1954.

(8) Estimated proceeds of moneys and credits tax. Section 429.3, 1950 Code as amended by 51st General Assembly, moneys and credits shall be taxed 5 mills on the dollar and wherever owner resides and 50% of amount collected goes to the school district. This amount may be secured from the County Treasurer. This should include all moneys and credits tax received between July 1, 1953 and June 30, 1954.

(9) "Other Revenue Receipts." This includes such items as interest on deposits, rents, gifts and donations, net receipts from revolving fund, refunds, etc. See Research Bulletin No. 15, 1934, page 17, and column 10, Secretary's Register, Cash Receipt Section, Iowa Uniform Accounting System.

(10) "Non-Revenue Receipts." This includes such items as sale of supplies (profit), sale of property, insurance adjustments, etc. See Research Bulletin No. 15, 1934, page 17, and column 12, Iowa Uniform Accounting System, Secretary's Register, Cash Receipts Section. Note, this does not include transfers from the schoolhouse fund.

(11) Add items (6), (7), (8), (9), and (10) and enter the sum in both columns x and y.

(12) If the total of (11) is greater than the total of (5), the school is not entitled to any state aid and items (12), (13) and (14) cannot be carried out. If the total of (11) is less than the total of (5), the difference is the amount of aid due under the formula.

(13) and 14) Carrying out these computations is a matter of complying with the law and satisfying the legal requirement of distributing aid on a Census basis. The results (14) will be identical in amount with those in (12).

The Affidavit must be made before a Notary Public, Justice of the Peace, or a Clerk of the District Court, and signed by either the President or Secretary of the district. Also by the Superintendent if the school has a Superintendent. All other schools should have the report signed by the County Superintendent.

This Report must be received in the Office of the State Superintendent of Public Instruction not later than June 30.

Every school district in the state is being asked for this report regardless of whether or not it expects to receive aid. The data are necessary in order to estimate what a substantial aid program would cost.

PAUL F. JOHNSTON,
ADMINISTRATOR OF ADMINISTRATION

OVER

County No.	District No.

FINANCIAL STATEMENT

For the Fiscal Year Beginning July 1, 1955, and Ending June 30, 1956 MCCAUSLAND IND.

1. This financial statement is to be taken from the secretary's records. It should include all warrants issued by the secretary, regardless of whether they have been paid by the treasurer.
2. Balances on hand July 1, 1955, should be taken from the secretary's records for the previous year, and should also agree with the balances on hand as found in the report of the Auditor for the year ending June 30, 1955.
3. Classifications of receipts and expenditures follow those on Forms S11, S12 and S12a. Explanations will be found in the printed instructions accompanying the secretary's records under the heading 'Codification of Receipts and Disbursements'.
4. Balances on hand June 30, 1956, according to the secretary's books, plus unpaid warrants should equal treasurer's balances at the same date.
